18. LIAISON In response to his
call, met with John Swearinger, Subcommittee on Computer Services,
Senate Committee on Rules and Administration, Chester Smith, Chief
Counsel of the full Committee, and Stephen Stelzner, of the Subcommittee
staff, to discuss two requests received by Chairman Howard Cannon
(D., Nev.) with respect to Agency provided material now in the possession
of the Committee from the Select Committee on Presidential Campaign
Activities. One is an FOIA request for the transcript of Robert Bennett.

The other involves a request by Chairwoman Bella Abzug, Subcommittee
on Government Information & Individual Rights, House Government
Operations Committee, to permit a staff member of the Subcommittee
to have access to all the Agency provided material in the Rules Committee's
possession. With respect to the request for transcript (by
there was agreement that the response should make
it clear that the Freedom of Information Act does not apply to the Congress
and possibly include reference to the fact that the material is classified.
With respect to the request by Mrs. Abzug, I reviewed the congressional
guidelines concerning access to operational data, including names of
Agency employees, our previous dealings on similar matters with
Mrs. Abzug's Subcommittee, and that it was our hope that the Congress
would continue to abide by the need-to-know principle in the interest of
protecting against the proliferation of sensitive material and that after
a quarter of a century of adherence to these guidelines it would be

unfortunate to see them broken before the recommendations of the Select
Committees are disposed of since this is one of the central issues with
which they are dealing. It was agreed that I would be back in touch on
both of these matters before they finalize their position.
